

## STORY OF THE DEFENSE

### Denver Democratic Election Officials Before Commissioner Capron.

Denver, Dec. 1.—Only three witnesses for the defense were heard today in the election cases pending before United States Commissioner A. B. Capron.

The hearing was interrupted by the necessity for the presence of several of the defendants in the supreme court, where they stand charged with contempt.

The cases before the commissioner are based upon the charge that the defendants prevented Adolph Weimer from voting in precinct Eight of the Fifth ward. Weimer claims that his ballot was already marked "Socialist" when handed him, and that when he insisted on having a second ballot he was thrown out of the polling place by two of the defendants.

Alderman Michael Mahoney, Charles Kofsky and Edward O'Malley, respectively judge and clerk of election, all of the defense, testified that Weimer did not discover that the word "Socialist" was on his ballot until after it had been handed to Kofsky, whose duty had been to tear off the second of the reference slips and the latter had returned it to him. The defendants added that a number of other voters were waiting their turn at the time so that it was possible Weimer's ballot had been handed to some other voter and placed in the box, and that the ballot that was returned to him was that of some other voter.

The witnesses for the prosecution had all testified that Weimer came out of the booth protesting against the ballot which he said had a mark on it, and that he had not yet handed it to the judges to be folded, pasted and marked for deposit in the ballot box. All three testified that no force was used to eject Weimer from the polling place, and that he was removed only because they believed he was trying to vote twice.

## FAIR HAS PASSED INTO HISTORY

(Continued from Page One.)

concentrated in the main avenues to view for the last time the magnificent electric illumination. One solid stream of humanity swept through the Pike, from end to end. The spirit of revelry was there. Never since the opening had more enlightenment been shown at night on the grounds.

### Dramatic Ending.

Steadily the white electric bulbs silhouetted the exhibit palaces against the night; periodically the illumination of the terrace of states surrounding the Festival hill changed from white to red, then to green, and then back to white. Over on the Agricultural building the great floral clock ticked off the minutes of the departing pageant. And in the night rang out the tone of the massive bell as the midnight hour was tolled by the great clock. Instantly a hush seemed to pervade the entire grounds. The glowing electric bulbs slowly began dimming, the pulsations of the great engines that drove the cascades gradually died down. The light faded steadily, diminishing until but a faint glow was perceptible. Suddenly there was darkness, and the Lewis and Clark Purchase exposition had passed into the chronicles of history.

### SMALL AMOUNT LEFT.

Stockholders Will Get Little Out of the World's Fair.

St. Louis, Mo., Dec. 1.—While it will be impossible to obtain the actual receipts and expenditures of the Louisiana Purchase Exposition company before the middle of December, Secretary Walter E. Stevens of the world's fair made the following statement to the Associated Press tonight:

"From reports that have been submitted to the admissions to the grounds up to 9 o'clock tonight we estimate that the attendance on 'Francis day' will be a few thousand in excess of 20,000, and that the attendance for the exposition period will be in the neighborhood of 18,000."

"In round numbers, the exposition company has expended \$22,000,000 in the erection of the world's fair project, and the expenditures of the several states and territories have reached a total of \$9,000,000. The receipts since the opening day, April 30, have amounted to about \$10,000,000, consisting of admissions and concession royalties. In addition to these receipts were the funds, amounting to about \$2,000,000, raised by subscription and appropriation, to build the exposition."

"While it is impossible to state exactly the financial condition of the exposition company on this, the closing day, it can be authoritatively announced that all rights against the company have been paid, with the exception of a few current accounts, salaries, etc., and this, it is thought, will cover nearly all the surplus, so that there will only be a very small amount left for the stockholders."

"From the amount of royalties collected by the exposition company it is estimated that the concessionaires on the Pike and other points of the fair grounds have taken in at least \$10,000,000. Immediately upon the closing of the gates a large force of men began the work of packing and shipping the exhibits. There are now about 200,000 boxes of United States customs service on the grounds, and they will remain on duty until the last exhibit has been shipped to the home address of the exhibitor or to such other destination as may be selected."

Beginning tomorrow the exposition grounds will be open to visitors between 9 a. m. and 5 p. m., an admission fee of 10 cents being charged.

### END NOT NEAR.

Opinion of a Correspondent From Port Arthur.

Victoria, B. C., Dec. 1.—Richard Barry, war correspondent for a San Francisco newspaper, arrived here today from Port Arthur on the Japanese liner Iyo Maru, en route to San Francisco. He expresses the opinion that it will be many weeks yet before the fortress of Port Arthur can be captured, and he has been with General Nogai's army since August. He says the Japanese regard the arrival of the Baltic fleet with considerable apprehension, but are making tremendous preparations for its proper reception.

### LOST 15,000 MEN.

Assault Upon Meter Hill Cost the Japs Dearly.

London, Dec. 2.—The correspondent at Chefoo of the Daily Telegraph says that the attack on 203-Meter hill resulted in heavy losses to the first division of the Japanese stormers. Simultaneously with this assault the correspondent says, men of the Ninth and Eleventh divisions advanced and attacked the Rihlung and Tsingtao forts. It is said the correspondent adds that within the last twenty-four hours the Japanese casualties have totaled 15,000, and it is asserted that the attacks have been planned to continue until Dec. 16, when it is hoped, the capture of Port Arthur will be completed.

### Russians Claim Victory.

St. Petersburg, Dec. 1.—General Kuratkin reports under yesterday's date the continued pursuit of the Japanese who retreated from Tsingtao. The Russians Nov. 24 forced the Japanese rear guard to evacuate a pass ten miles southward of Tsingtao. The Russian losses were insignificant.

### EDNA WALLACE HOPPER HAS FIGHTING CHANCE

Vancouver, B. C., Dec. 1.—The present hearing of the appeal in the Dunsmeuir will case suddenly came to an end today when a strong point was scored by the plaintiff, which sends the parties back for further evidence. This point is that the plaintiff's claim that one of the witnesses, Alexander Dunsmeuir's signature to his will did not know that document was a will. Under the California law this would make the will null and void.

The appeal will be continued at the next full court, when additional evidence on this point has been secured.

### TROUBLE IN VENEZUELA.

Foreign Element Apprehensive of Danger.

Washington, Dec. 1.—Reports reach the state department of a very unsettled state of affairs in Venezuela. Many citizens have been put in prison for alleged political offenses; public opinion is inflamed; the situation is very tense. The foreign element is apprehensive of danger for their safety.

Prominent Idaho Citizen Arrested in Chicago.

Chicago, Dec. 1.—On charges that he deserted his wife and little son in Chicago three years ago, David Mackenzie of Boise, Idaho, a wealthy mine operator, has been arrested in Chicago by order of Judge Dunn.

Mackenzie declared to the deputy sheriff that he is in Chicago attending court proceedings and through previous operation of the courts has been placed beyond reach of the writ issued by Judge Dunn. Orders were given the deputy to keep Mackenzie in sight until the amount of royal fees collected by the exposition company is estimated that the concessionaires on the Pike and other points of the fair grounds have taken in at least \$10,000,000.

### MUST PAY THE BILL.

New Haven, Conn., Dec. 1.—Dean Operate of the academic department of Yale, has ordered the members of the freshman class to pay an assessment of 25 cents each in order to meet the expenses incurred by the city park commissioner in cleaning East Rock park after freshmen celebration here. Signs on the fence in the neighborhood of the park were defaced and the numericals of the class were painted on the face of the lofty cliff. The actual perpetrators of the acts of vandalism have not been discovered.

## EUREKA YOUNG MAN HAS SERIES OF THRILLING FIGHTS WITH GREEKS

(Special to The Herald.)  
Eureka, Utah, Dec. 1.—Will McCullough, a young man who drives a delivery wagon for the Bullion-Beck store, had a thrilling experience tonight near Jericho, a small station on the San Pedro railway, about fifteen miles southwest of here. He owes his life to his strength and nerve. McCullough, who is but 20 years old, was sent to Tintic Junction, five miles from here, this afternoon with a load of groceries for two Greeks. At the junction the men met McCullough, inducing him to take the goods to Jericho, promising to give him \$5 for the trip. Before the latter place was reached the team gave out. McCullough told the men he could go no farther and commenced to unload. While he was thus engaged, he says, the two men assaulted him. He succeeded in wrenching a gun from the hands of one, and, beating off his assailants with the weapon, he jumped into the wagon and urged the jaded team toward home. He had proceeded but a mile or so when he was assaulted by three more Greeks, and in the encounter which followed in the darkness the pistol was discharged so close that McCullough's face was powdered with blood.

How he finally escaped or how badly the men were injured, McCullough does not know. He reached Eureka about 1 o'clock this morning. The sheriff will make a search today for McCullough's assailants.
